HISTORY OF ORGANIZATION

Right Rev. Henry Yates Satterlee, Bishop of the Protestant Episcopal Diocese of Washington, to Be Celebrant at the Consecration.

Today marks the advent of the cele bration of the seventy-fifth anniversary and the consecration of Trinity Protestant Episcopal Church, Third and C Streets northwest, of which the Rev. Dr Richard P. Williams is the rector and the Rev. Dr. Prank M. Gibson assistant

The consecration service will be held next Sunday morning at 10:30 o'clock, the Right Rev. Henry Yates Satterlee, D. D., LL. D., Bishop of the Protestant Episcopal diccese of Warhington, being the cele brant and preacher.

Although the church was free from debt in the early eighties, and could have been consecrated at that time, no concerted action on the part of the Bishop, rector, and vestry was ever taken up to the present time. It is due to the indefatigable ef-forts of the rector, Dr. Williams, that the church is free from debt on so auspicious an occasion as the seventy-fifth anniver ary of its organization.

When Dr. Williams became rector of the church five years ago, it was \$5,000 in delt. This amount was increased to \$10,000 in 1808, when \$14,000 was expended in refurnishing the chancel, redecorating the church laying new carpets, and other repairs made necessary by the damage done to the annetuary by the cyclone of 1808 But \$5,000 of the \$14,000 was cessional, hymn 487, Lwoff.

The present vestry of Trinity Protestant Episcopal Church is constituted as follows: Mr. Theodore O. Ebaugh, senior warden; Mr. James E. Bell, Dr. John W. Buikley, Mr. George E. Davis, Mr. Henry English, Mr. John W. Lyell, junior warden; Mr. Cement W. Howard, Mr. William M. Steuart, Mr. Corbin Thompson, Mr. Elsanah N. Waters; Mr. E. N. Waters, registrar; Mr. Alpheus Middleton, treasurer: Mr. Watson F. Clark assistant raised by each contributions, and therefore the indebtedness had to be increased.

#### Result of Rector's Efforts,

From the time the indebtedness of the church was increased to \$10,000, Dr. Williams left no stone unturned in his efforts to eventually free it from debt, and the fact that the church is now to be consecrated on the occasion of the celebration of the seventy-fifth anniversary of the in-ception of the organization, is the crown-ing glory of the success he has achieved

First Church Building.

The site of the first church building is

now occupied by a handsome office build-

ing on Fifth Street, midway between D

and E Streets. Thither the congregation moved from the City Hall on April 12,

Washington his home and Trinity his church in case of his acceptance. This would have anticipated history by a con-

siderable period. As it turned out, how-ever, Mr. Dorr declined the office. The Rev. H. Stringfellow then became rector

During his rectorship of seven years a

number of changes were made in the building on Fifth Street. These, however

rather served to call attention to the need

for still greater improvements than to sat-isfy the people. Moreover, the Rev. C. M. Butler, who became rector in 1847, de-

sired to have an Episcopal church com-mensurate with the dignity of the city, and his plan was to interest churchmen abroad in the undertaking. This seemed

particularly appropriate in view of the number of visitors and the floating popu-lation always characteristic of a seat of

A circular letter was accordingly sent out, commending the idea in an able man-ner. But the response was unfavorable.

Thus the congregation put aside tempo-rarily their plan of having a new church. It is interesting to see how long ago were

first suggested the ideas that are only

now beginning to be embodied in practical shape. The suggestion to have Washing-ton a see city has already been referred

to. So there was the plan for a church at the Capital of the Nation, which would witness to the devotion of churchmen all

over this fair land. It, too, is more than an idea now and a national Cathedral will enlist the energies of men and women as

accomplished what followed next. Having

failed to secure large contributions and

outside aid, the congregation set about

they had raised \$15,000, and decided that

the new church should occupy the same site as the old one. At the last moment,

the generous philanthropist, W. W. Cor-coran, offered to loan the money neces-

sary to acquire a new location, and the

lot on which the church now stands was

The years that followed were in every way successful ones. Dr. Butler so much endeared himself to everyone that, after he had resigned as rector in 1854, he again accepted the position in 1859. The inter-val witnessed the rectorship of Rev. George D. Cummins, later the Bishop of Kentucky and known especially for his onnection with the Reformed Episcopal

Church. In July, 1859, the parish had for the first time an assistant minister, the Rev. Joseph Earnest. The church was then in a vigorous condition, and had under its care a mission chapel.
